Recent Events

Over two dozen homes participated in Westgate's Parade of Garage Sales on May 23rd. It was a beautiful day to stroll the neighbourhood and discover new treasures.

Our Spring Floral Fundraiser was a huge success! Thank you to everyone who supported this new initiative. We hope you are enjoying your plants and flowers.

We held our second annual seedling exchange in conjunction with the Floral Fundraiser in early May. Many neighbours stopped by to share and swap their annual and perennial plants. Thank you to the volunteers that came out to help manage this event.

In April we held our first ever *indoor* rummage sale at the Hall. There was a great turnout and we hope to do this again in the future.

Westgate Gardeners

We're looking to connect with local gardeners, from novice to experienced, to share advice and potentially gather for garden tours and plant exchanges. If this is a group you'd like to join, please email community.garden@westgatecommunity.ca to be added to the distribution list. **Happy gardening!**

Donations for The Hatch

Support The Hatch Community Fridge where neighbours leave what they can so others may take what they need. Drop off fresh food and non-perishables at your convenience. The Hatch is located on the west side of the Rosscarrock Community Hall (4411 10 Ave SW) and is open 24/7. This project turns 5 this year and has had a wonderful impact on the community. For more information visit @thehatchyc on Instagram.

Lawn & Landscape Watering Schedule

As of April 29th, Calgary's new watering schedule is in effect year-round. It sets regular days and times for outdoor watering across Calgary in order to help:

- Spread water use evenly across the week to manage peak day demand for water
- Reduce pressure on our water system during hot weather
- Encourage watering when less water is lost to evaporation
- Protect our water infrastructure capacity to help keep costs down
- Supports a reliable water supply for our growing city on two small rivers
- Reduce the likelihood of water restrictions to manage peak demand in the future
